DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see Pages 2-3, filed May 5, 2005, with respect to Independent Claims 1 and 30 have been fully considered and are persuasive. The rejection of claims has been withdrawn.

Allowable Subject Matter

2. Claims 1 and 3-30 are allowed.

3. The following is an examiner's statement of reasons for allowance:

With regard to Independent Claims 1 and 30, applicant has sufficiently cited and narrowly defined an indicator lamp that is patentable over the prior art of record. The prior art of Rawlings (GB 531185), considered to be the closest reference, fails to teach at least one front inner reflection face which is provided to deflect at least part of the rays of light that enter the light engine. Thus, the prior art fails to teach or suggest the combination of structural elements disclosed and claimed herein, and all subsequent dependent claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
